

FULL GOSPEL TABERNACLE

Listen to your father, who gave you life.
Don't hate your mother when she is old.

Proverbs 23:22 (NIV)

You can blame your parents for everything wrong in your life
but it won't make your life one bit better.
Most parents really want what is best for their children.
They are not perfect to work out great things in your life.
How is your relationship with your parents?
